

If you think risking it all is exciting, you'll find our IRA CDs incredibly boring.

Some people think rolling the dice with their retirement savings keeps life interesting. For the rest of us, there's an IRA CD from Walpole Co-operative Bank.

The rate is fixed. The returns are guaranteed. And all deposits are fully insured by the Federal Deposit Insurance Fund (FDIC) and Share Insurance Fund of Massachusetts.

Boring, yes. Risky, no.

It's not too late! There's still time to make an IRA contribution for 2009. Open your account today.
